If your Administrative Unit is at 100% compliance, (B + C + D + E + F) will equal A. If your Administrative Unit is not at 100% compliance, please see the Indicator 12 Detail Report for a listing of the students reported as not having met the SPP Indicator 12 Timeline. N/A means not applicable because the denominator in the formula equals 0. **Required with signature after final approval* ***Notes/Hints Information:*** *Indicator 12 is a compliance indicator with an expectation of 100%. If your percentage is less than 100% please take a look at the Detail reports for Indicator 12 to verify the accuracy of your data and look for trends that may help inform your work. Reasons for Delay of 58, 59, 60 and 61 do lower your percentage, so for any record where one of these delays is reported please dig deeper into those records to verify that the correct reason for delay was reported. Towards late July or early August CDE will share to you through Syncplicity the list of C to B referrals that were sent to your AU according to the data collected by the Dept. of Human Services from the Local CCBs. You can use this data to verify that you are reporting the C to B referrals in the correct Path in the Participation file. Please note that retired delay codes are still included in the report logic so prior year reports in Cognos will run correctly.*
5	Number of Students Exited by Disability and Discrete Age	This report summarizes the number of students exiting Special Education services by disability and discrete age.	*Age Calculations:* *If Date of Exit is 7/1-11/30 age calculation should be as of 12/1 of previous school year* *If Date of Exit is 12/1 - 6/30 age calculation should be as of 12/1 of current school year* **Required with signature after final approval* ***Notes/Hints Information:*** *This report summarizes the Basis of Exit data by Student Age and Disability. Please note that while this report aggregates all exiters, some other reports may only aggregate exiters age 14 or older.*
6	Indicator 2 Dropout by Disability	This report summarizes the dropout rate by disability category for students age 14 or older.	*Age Calculations:* *If Date of Exit is 7/1-11/30 age calculation should be as of 12/1 of previous school year* *If Date of Exit is 12/1 - 6/30 age calculation should be as of 12/1 of current school year*

10	Listing of Students Reported in Error on the Previous December Count	This report lists records misreported on December Count but actually exited prior to December 1st.	*Student reported on most recent December Count with Funding Status = 50 AND PAI <> 23-31 AND is reported on this Sped EOY with a Date of Exit July 1 thru November 30 of the current reporting school year.* *Required with signature after final approval* *Notes/Hints Information:* *Students on this report are being reported in your current Sped EOY Snapshot as having exited your AU between 7/1 and 11/30 of the current reporting school year, yet they were reported as in attendance on December Count. If the currently reported exit information is correct, then these students should not have been reported on December Count and may have been funded in error.*
	Errors: Snapshot Records Excluded Due to Profile Errors	Listing of records excluded from the Special Education EOY Snapshot due to IEP Interchange errors	*Notes/Hints Information:* *Only error free Interchange records can pull through to snapshot. If any of the listed records on this report should be included in your Sped EOY Snapshot, please review the Interchange level errors and correct the data at the Interchange level. Once the records are error free at the Interchange you may create a new snapshot to pull the records in.*
	Errors: Special Education EOY Error Detail Report	This report lists the Special Education EOY Snapshot level errors and warnings in detail. All errors must be resolved in order to submit the data to CDE.	*Notes/Hints Information:* *Snapshot level errors must be corrected in order to finalize your snapshot. As you change data in the Interchange files to correct snapshot level errors it is possible that these data changes may cause new Interchange level errors to occur that must be cleared as well. Be sure to verify that your records are error free at the Interchange before creating a new snapshot.*
	Errors: Special Education EOY Error Summary Report	This report is a summary listing of your Special Education EOY Snapshot level errors and warnings.	*Notes/Hints Information:* *When you have a large number of errors it can be helpful to start by reviewing the Error Summary Report to see which errors are affecting the most records. Start with the errors that have the highest counts, then work your way down. Focusing first on errors affecting the most records can help you identify issues with your data extract or if certain data fields are inadvertently blank or zero-filled in your source system.*
